

INTRODUCTION

PCG Public Partnerships accepts paper timesheets by fax or mail. Paper timesheets are read by a machine (like those that read standardized tests), so it is important that **every field is filled in clearly and with the correct information**. Paper timesheets received by Public Partnerships with fields that are either not filled in and/or contain incorrect information **cannot be paid**. Please review the sample paper timesheet below and the corresponding Explanation of Timesheet Fields that follows.

SPECIAL CIRCUMSTANCES

Working Overnight: When an employee works overnight (past midnight), then he/she must complete one line for the work he/she did before midnight and another line for the work he/she did after midnight. *Example: an employee worked overnight on Friday from 9:00 PM to 6:00 AM. The Time In for Friday is 9:00 PM, and the Time Out for Friday is 11:59PM. Then, Time In for Saturday is 12:00 AM, and Time Out for Saturday is 6:00 AM.*

Multiple Shifts: Some employees provide services to an individual multiple times in one day. An employee can enter two different Time In and Time Out times on one timesheet, but must enter each shift **on a separate line**. If an employee needs to enter more than two Time In and Time Out times for the same day, then a second timesheet for the same pay period must be completed. *Example: an employee worked from 9:00 AM to 10:05 AM, and then left to run a personal errand. The employee returned and resumed working at 11:15 AM, and then left for the day at 12:30 PM.*

IMPORTANT RULES TO REMEMBER

- **Print clearly!** If the individual/employer cannot read the timesheet, employee payment may be delayed. Fill in all the required fields. Employee cannot be paid unless all fields are filled in.
- Use dark ink.
- If an employee works for more than one individual/employer, a separate timesheet must be completed for each individual/employer.
- The exact Time In and Time Out must be recorded – times should not be rounded up or down. PPL’s system automatically rounds times as appropriate.
- If a mistake is made on a timesheet, it should be discarded and a new timesheet started. Using whiteout on a timesheet to attempt to correct mistakes may delay payment.
- Do not include more than one numerical digit in any box.
- Only submit a paper timesheet ONCE – either by fax or by mail. If a timesheet is submitted more than once, PPP’s system will recognize a duplicate and employee payment will be delayed.

COMMON MISTAKES

- Entering incorrect information, such as Plan ID, Service Number and/or Outcome Number. To avoid entering incorrect information, be sure to have a current copy of the individual’s service plan. Please note that when the Plan Year changes, there may also be changes to this information.
- Forgetting to fill in the AM/PM circles, or filling in the wrong one.
- Forgetting to fill in the Procedure/Waiver Code circle, or filling in the wrong one.
- Forgetting to have both the employee and the authorized representative/employer sign the timesheet.
